

APPENDIX

VILLAGE OF SAND LAKE CITIZEN SURVEY QUESTIONNAIRE

In 1997 only residents were polled. In 2013, residents were polled again; however, questionnaires were also sent to residents of Paradise Cove and the businesses in the Village. The resulting percentages are tabulated below in the following format:

2013 Village Residents/2013 Cove Residents/2013 Businesses – 1997 Results.

Note: The percentages presented throughout this report reflect that portion of the total; number of respondents out of 117 resident-homeowners (26%). There were 71 rental units which were inadvertently omitted from this survey. Paradise Cove residents returned 18 responses out of 127 lot owners (14%), and there were 7 business which returned surveys (13% of 54).

As you examine the percentages, for example, a response of 50% for village residents would be 15 out of the total of 30 village resident-homeowners who responded to the item. A 30% response for Paradise Cove would be 6 responses out of 18 total responses turned in. A 100% response from businesses would mean the all 7 business respondents agreed on a particular item. The fourth percentage for each item on the questionnaire, the 1997 result, indicates the percent of responses received from village resident-homeowners only

The Sand Lake Planning Commission is currently updating the Village Master Plan The following questionnaire was circulated as part of the original master planning process and we request your feedback again by filling out this form and returning it to the Village Office, 2 Maple St. no later than June 14, 2013. Please drop it off at the Village Office during business hours, or put it in the drop box at the front door at any time, mail it in, or scan and e-mail to Zoning@villageofsandlake.org.
