

Village of Sand Lake

January 2023

Presidents Report

It is the start of a new year, looking forward to what 2023 will bring.

As I have mentioned in previous months, there will be 5 roads being worked on.

- Maple Street, from 7th Street to 4th Street
- 7th Street, from Lake Street to Pine Street
- 6th Street, from Lake Street to Pine Street
- 5th Street, from north of Lake Street to Maple Street
- Beech Street, from 4th Street to Maple Street

I have actively been working on financing our much-needed roof repairs.

The council has decided to go with Granger for our one hauler waste pick up at the January meeting.

The council and myself will be setting our budget for the upcoming Fiscal year.

We still need two Planning commissioners. You can call office, email, or come into office for more info.

Thank you

Mollie Doerr

Village President

Life in the DPW

We hope you had a great Holiday season and now are enjoying the warmer weather. I know we are. It was a busy December for us with all the snow events that we had. With the quick change from very cold to warmer weather we had a lot of potholes open up. But because of the warmer weather, we have been able to patch the majority of those holes. The break in the cold weather also affords us the opportunity to do some continued cleaning in the Village pole building. We are clearing out things that are either broken, not serviceable, or just plain not needed or necessary to keep. We were also able to do a round of brush pick up in the first part of January which obviously is a bit out of the ordinary.

We would like to remind you of our parking ordinance which states “No parking on any road, right of way or public parking area from 2am – 6am from November 1 – April 1.” With some parking in front of their residences, this can make it difficult to properly clear our streets. Please remember this ordinance and do your best to abide by it. We definitely appreciate your adherence to it. Continue to be safe throughout the remainder of this winter season.

Reminders:

Parking ordinance which states,

“No parking on any road, right of way or public parking area from 2am – 6am from November 1 – April 1.”

With some parking in front of their residences, this can make it difficult to properly clear our streets.

Utilities Due Feb 3rd.
