Life in the DPW

We have had a busy month with all the leaves that have fallen. It seems as if they all fell within a weeks' time. We have been working diligently to get up as many leaves as we can. We have had to deal with a dump trailer in which the hydraulics are not working and we are having to unload the leaves by hand. This has taken a lot of extra time. But our goal is to have all of the leaves picked up before the snow sticks.

Since we began this letter, we have had over 10" of snow. Although this does put leaf pickup back a bit, the plan is to continue with picking up leaves. We will either be vacuuming the leaves or picking them up with the bucket of the tractor. We have also just received the new pump for the dump trailer so we are hoping to have that installed soon. We appreciate your patience with us through these circumstances.

Here's wishing you a wonderful holiday season.
