

# Village of Sand Lake

September 2023

## Presidents Report

We continue to move forward on projects the council voted on, one being our first road project. This will start the end of September and be finishing up in October. The roads being worked on will be Beech, Maple, 5<sup>th</sup>, 6<sup>th</sup>, & 7<sup>th</sup> street.

I am excited to announce the Village was awarded another grant, this being for the Sand Lake Fire Department. The grant of \$40,000 will go toward much needed equipment for the Sand Lake Fire Department.

Don't forget the Sand Lake Fire Department pancake breakfast on September 30<sup>th</sup>, 9am-11am, at 18 W Lake St. Sand Lake, MI.

Thank you  
Mollie Doerr

### Life in the DPW

We are fast approaching the month of October with less than one week left in the month of September. That means leaves are starting to change and fall. With that being said, we will be shifting gears towards the fall season and leaf pickup throughout the Village. We will be doing leaf pickup as much as we can during the season, weather permitting. We ask that you please pile leaves along the side of the road for easier vacuuming.

We have also been really concentrating in the waste water treatment plant. We are working very hard to continue to discharge enough water to keep us compliant throughout the winter season. This has been especially tricky this year as we had a foot of rain in the month of July.

Our road project for Maple, Beach, 5th, 6th, and 7th streets will be underway very soon. This project should take around a month to complete. We are very excited about this project as this will improve a lot of our road conditions.

## **Reminders:**

Trash pickup is Thursday mornings.

Recycling this next month will be 10/26/23.

Brush pickup every 1<sup>st</sup> & 3<sup>rd</sup> Thursday. (Morning)

Leaf pickup will begin soon

Next regular meeting October 16<sup>th</sup>, 7:00PM

Utilities due by October 31
