

2 E. Maple St. ■ Sand Lake, Mi ■ 49343

### **President Report:**

The planning commission had a workshop this past month; they got great feedback from the community; we thank you for your time and suggestions. The future is bright for the Village; planning for the next five years is so exciting; direction from our residents will steer the focus of any further goals and projects.

I am actively working on a beautifying grant for Salisbury Park & walkway between Lake St and the alleyway.

With this grant, we hope to refurbish our equipment, including the swings, tennis court, & bathrooms. We will also add a smaller piece of playground equipment.

The alleyway will be landscaped, and a walkway will be put in.

Every year, we strive to be more efficient leading into another season; with spring approaching, I have scheduled the street sweeping, replacement of flags, cemetery clean up, and a plan for park clean up.

We also continue to work on cleaning up ordinances and filing documentation in the offices.

Thank you

Mollie Doerr
