

Village of Sand Lake

May 2024

Presidents Report

We organized a cemetery clean-up this past month. I want to express my gratitude to everyone who volunteered to help. The cemetery has undergone significant improvements over the past few years, and it looks better with each passing year.

You may have noticed the extensive renovations taking place at the municipal building. It's great to see the roof and other necessary work being done to restore the building, I've been gathering quotes for repairing the fire barn roof and plan to present them to the council as part of our capital improvements. After 50 years, it was time to address the roof and any water damage, Soon, the exterior will have a fresh new color, and landscaping will also be updated.

Our planning commission is actively reviewing the public feedback we received during the workshop on Sand Lake's master plan. We anticipate that the 2024 master plan will be adopted in the fall.

We recently held a joint meeting between the Village and Sand Lake Chamber of Commerce. As summer approaches, we are preparing for the 4th of July celebrations. We encourage everyone to join us for this exciting event!

Thank you

Mollie Doerr
Village President

Life in the DPW

May has begun with things greening up very nicely. Thank you for the efforts you've made to clean up your yards and thereby making our Village look so nice. As you may know, we have two state licensed lagoon operators, which is quite an accomplishment for a small village like ours. Now Ryan has taken his S3, D3 water test and is awaiting the results from that. Discharging is going well at the Wastewater Treatment Plant. When all is said and done, we hope to be able to discharge about 9-10 million gallons of wastewater before the middle of October. Again, as a friendly reminder, if you have yard waste you would like picked up, please put it in the paper lawn and leaf bags.

Enjoy this beautiful time of year by working or walking outside. Then you can grab an ice cream now that Rosie's is open.

Reminders:

Trash pickup is Thursday mornings.

Brush pickup every 1st & 3rd Thursday. (Morning)

Please put Lawn debris in bags.

Next regular meeting June 17th.

4th of July booklets at local Sand Lake businesses
