

Village of Sand Lake

November 2025

Presidents Report

Over the past month, our focus has remained on budget-related planning and financial forecasting. We are continuing to evaluate future needs across all departments to ensure proper allocation of funds within our Capital Improvement Plan. This process is essential to maintaining and improving our village infrastructure and services.

Additionally, last month the Village Council voted to transition a part-time position to full-time, creating the role of Financial Director. This position will play a key role in managing the village's financial planning.

As we move forward, we remain committed to fiscal responsibility, long-term planning, and maintaining transparency with our residents as we work to strengthen the future of Sand Lake.

Thank you
Mollie Doerr
Village President

Life in the DPW

During November, the Department of Public Works focused on end-of-season maintenance, village-wide leaf collection, and winter preparation. The department also received the repaired Sterling plow truck, restoring full snow and ice control capability ahead of the winter season.

Reminders:

Trash pickup is on Thursday mornings.

Recycling collection this month is on December 18th

Next regular meeting on December 15th

“No parking in any public parking or right of way November 1 through April 1, 2am-6am.”
